

E.S.SKI A. SUMMER TRAINING DAYS 2018

E.S.SKI A. will be holding **six training events this summer, at dryslope venues around the country**, and would like to offer the opportunity to your pupils to take part. It is expected that they will opt for one day, but could attend more if they wished and numbers permitted.

The Summer Training Days are aimed at pupils in year 3 or older. Trainers who have worked with the E.S.SKI A. Squads on the snow will be staffing the training days. The days are intended as a starter layer to the **E.S.SKI A. Development Programme**, and there will be elements tailored specifically for the younger children, who we are particularly keen to encourage. Alongside this, we will encourage our squad members to participate thus setting the pace for progress.

On each of the days the emphasis will be on enjoyment and technique, with some pole training. **Please encourage children to come – previous race training experience is NOT necessary, although children must be able to ski under control.**

No pastoral care is available so consequently no child under 12 can be left unattended for the day. Parents/teachers may make private arrangements to share responsibility for a group.

Each day will consist of two ski sessions, with a break for lunch or snack in between. It is also an opportunity for teachers and parents to meet E.S.SKI.A. staff and there is often a question/answer session on some ski related topic for the adults. (refer to your local program which will be sent to all those applying to a specific venue)

We would be grateful if you could copy and pass on the details to suitable pupils and ask them to return the form as soon as possible. **Places will be limited so early application is advisable and available places will be allocated on a FIRST COME FIRST SERVED BASIS, with completed application and payment.** Further details will be sent to those applying. If training sessions are oversubscribed, priority will be given to skiers from current member schools.

Wishing you all a fun and productive season.

Lesley Gash
Summer training co-ordinator
